Can you find these words?

- Goose
- Feather
- Honk
- Beak
- Barnacle
- Flying

Fun Facts!

1. People once believed these geese hatched from "goose barnacles" (a type of seashell) because they had never seen their nests.
2. Barnacle Geese eat a lot of grass. So much, that they poo over 160 times a day!
3. The oldest known wild Barnacle Goose lived 27 years.
4. They fly in V-formations to save energy during long journeys and take turns being the leader.

GooseBoostMiles:

Your goose needs an extra boost! Complete these tasks and add them together to get your total for this week.

- Complete the word search
- Design a stamp for Dumfries and Galloway
- See 5 different types of birds

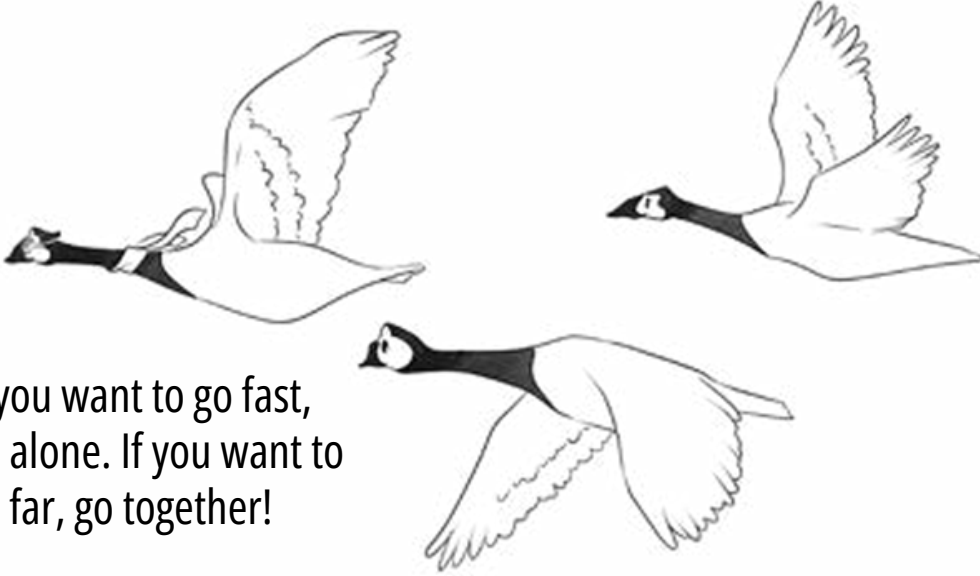

+ 1 miles

+ 1 miles

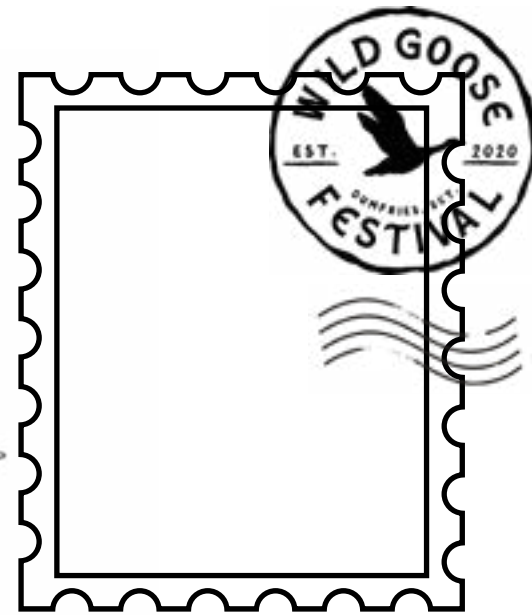

+ 3 miles

This week I flew _____ miles

Week 2: The Journey

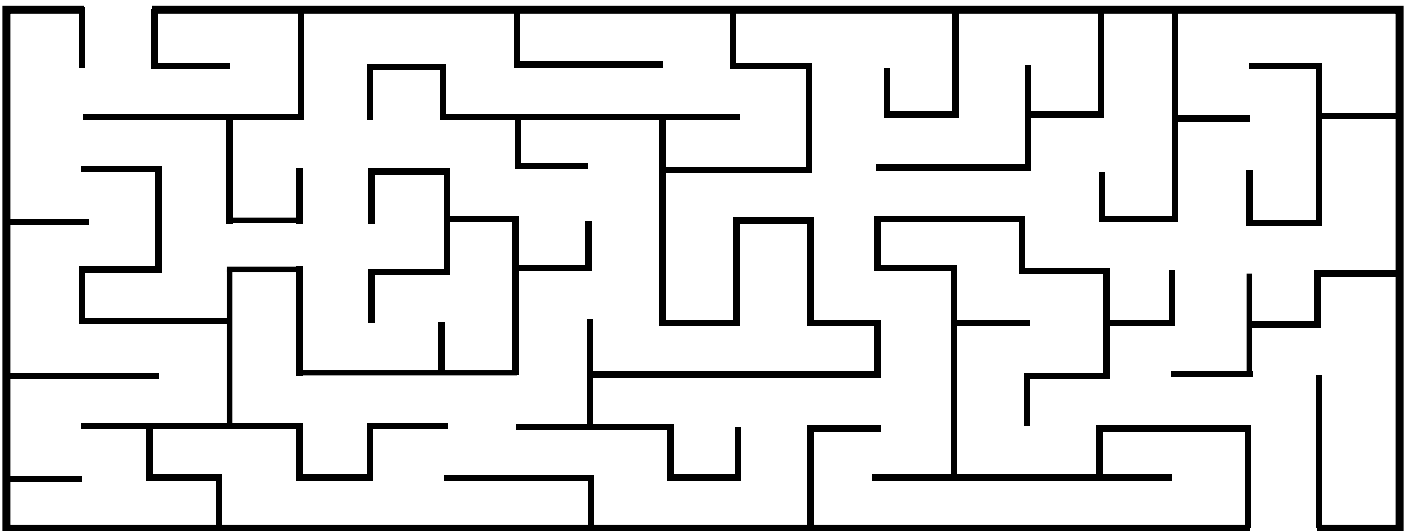

If you want to go fast,
go alone. If you want to
go far, go together!

Design an airmail stamp
+ 1 miles

Complete the maze + 1 miles

Dumfries

Svalbard
